Please describe your horses temperament: Norris is an easy going weanling than enjoys attention. He can be caught in our yards, lead, tie up and has been brushed. He has had his feet done every 6 weeks since birth and has been regularly drenched. Norris is currently on a grass and baleage diet with a mineral supplement. Every aspect of his care so far has been to ensure he has longevity in his career. We have not seen Norris, fence walk, weave, windsuck, head flick/shake or kick.

Any Additional Information:

As Norris is a young horse his education will need to be continued so that he develops into a well mannered horse.

We would recommend at least weekly handling sessions until Norris is accustomed to his new surroundings and family.
